

THE *Rhemtide* COLLECTION

Inspired by the golden age of American yachting, reimagined for Sydney Harbour.

Built during an era when entertaining was an art form and craftsmanship came before compromise, Rhemtide is a classic motor yacht designed by renowned naval architect Jack Hargrave. Her sweeping lines, handcrafted timber interiors and timeless proportions reflect the golden age of American yachting, when weekends were spent cruising the harbours and coastlines of the United States' Eastern Seaboard.

It was an era of effortless hospitality. Long lunches stretched into sunset cocktails, families gathered aboard for summer escapes, and iconic destinations such as Nantucket, Martha's Vineyard and Newport became synonymous with refined coastal living.

"We are tied to the ocean. And when we go back to the sea... we are going back from
whence we came."

— John F. Kennedy
